Statement

A lockdown of a building or group of buildings is an emergency procedure intended to secure and protect occupants who are in the proximity of an immediate threat. This procedure is used when it may be more dangerous to evacuate a building than stay inside. By controlling entry and exit, Emergency Services personnel are better able to contain and handle any threats. These procedures have been written to provide information on what should happen if New Forest School receives a serious threat to its wellbeing and needs to take swift safety precautions to protect students and staff.

Examples of when a Lockdown Procedure might be instigated are:

- A reported incident / civil disturbance in the local community
- An unauthorised person / intruder is on the school premises
- A warning being received regarding a risk locally of air pollution (smoke, gas, chemical spillage, etc)
- A major fire in the vicinity of the school
- Domestic breakdowns – attempted abduction of children by estranged parties
- Instances where personnel, students, staff or volunteers become a threat to the wellbeing of others
- An extreme weather event
- The close proximity of a dangerous dog roaming loose
- Any event with the potential to pose a risk to students and staff within the provision

Guidelines

Should a threat be made to the [RAISE AP](#), the Head of Provision should be contacted immediately. The Head of Provision will assume control and contact the relevant authorities. If it is decided that the school should take action, the following procedures are to be followed.

A notification to all staff to 'Lockdown' will be sent via the email system and on site communication. This will be repeated twice more in quick succession.

The Head of Provision will contact the Police and other Emergency Services as required.

Actions to Take

Management of the situation will depend on the circumstances presented. The following actions should be taken, however staff should be guided by the Head of Provision and / or Emergency Services personnel whether to remain inside the premises or be evacuated in a safe and orderly manner away from the premises or situation to a safe area designated by the Head of Provision or the Emergency Services.

On hearing the Lockdown signal, staff should immediately take the following action:

- If you are outside, escort students into the nearest building classroom, room or office
- If you are in the corridors or communal areas, escort students to the nearest classroom, room or office
- If you are in a classroom, room or office, remain there
- If you are in the toilet when the alarm sounds, make your way immediately to the nearest classroom, room or office
- Secure the doors and windows where possible
- Block all access points
- Close all curtains and blinds where possible
- Turn off the lights
- Sit on the floor, stay low and quiet, and away from windows and doors
- Ensure all students and staff are aware of an exit point in case an intruder manages to gain access or the refuge area becomes unsafe
- Mobile phones should be set to quiet mode – do not make non-essential calls, use the text messaging service if essential contact is needed
- Await instruction or escort by Emergency Services personnel / Head of Provision

Remember to:

- Remain calm
- Move slowly
- Obey instructions
- Do not provoke an incident

Member of staff in classrooms will secure external doors.

External doors should be on a locked system, but they should be secured by the Head of Provision.

If the Fire Alarm is activated during a Lockdown, evacuate to the designated Assembly Point, or secondary Assembly Point, as directed by the Emergency Services personnel / Head of Provision.

Actions to Avoid

During a lockdown, staff should:

- Not open the door once it has been secured until the 'All Clear' alarm has sounded
- Not use or shelter in toilets
- Not travel down long corridors
- Not assemble in large open areas
- Not use any lifts
- Not take shelter in stairwells or corridors

Communication

During the lockdown, staff will keep agreed lines of communication open but not make unnecessary radio calls or external calls as this could delay more important communication.

Agreed lines of communication are:

- School telephone system
- Email
- Mobile phones

In practical terms, all staff should be familiar with accessing their email account through a variety of means, for example, smartphone, tablet, laptop, PC.

The Head of Provision holds contact details for staff for use in event of emergency. Staff communications via mobile phones and email will be used during a Lockdown.

Internally Within the Provision

The Head of Provision will communicate with staff via an email. The All Clear will be communicated by the Head of Provision via email and then verbally.

Students must not be moved until the All Clear is given, unless in exceptional circumstances, for example, should there be an unidentified person outside the window, in which case, the nearest alternative area of safety should be used.

Externally with Parents / Carers

Provision Lockdown procedures are routinely shared with parents / carers.

In event of a Lockdown, parents / carers should be notified as soon as it is reasonably practicable to do so, using the schools established communications systems (ideally via a phone call, text message or email).

Parents / carers will understandably be concerned but regular communication of accurate information and developments will help alleviate anxiety.

Parents / carers should be given enough information about what is or what will happen so that they:

- Are reassured the provision understands their concern for their child's welfare and that everything that can possibly be done to ensure their child's safety is being or will be done
- Do not contact the provision via telephone - to keep the telephone lines clear
- Do not attend the provision – this could interfere with the Emergency Services response actions and may put themselves or others in danger
- Wait for the provision to contact them with details on when it is safe to collect students and where to collect students from, as students will not be released to parents / carers during a Lockdown

During parental / carer contact, it is also prudent to reinforce the message:

The provision is in a full Lockdown situation. To ensure the health, safety and wellbeing of students and staff, during this period, the entrances and telephone system will be un-manned, external doors locked, and nobody will be allowed in or out.

Emergency Services

It is important to keep the lines of communication open with the Emergency Services as they are best placed to offer advice as a situation unfolds. The provision may or may not be cordoned off by the Emergency Services depending on the severity of the incident that has triggered the Lockdown. The Emergency Services will support the decision of the Head of Provision regarding the timing of communications to parents / carers.

Raise Values

Our **RAISE-AP values** (Resolve, Attitude, Invest, Social Skills and Education) are key in everything we do, specifically with attitudes (modelling and expectations), invest (tailoring setup for our young people) social skills (becoming part of a community) which are linked to our Lockdown policy.
